REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Administrative Regulation: 907 KAR 15:005

Contact Person: Stuart Owen

(1) Provide a brief summary of:

(a) What this administrative regulation does: This administrative regulation establishes the definitions for administrative regulations located in 907 KAR Chapter 15. Chapter 15 contains Medicaid administrative regulations regarding behavioral health services, including substance use disorder services, provided by independently enrolled providers (such as a licensed psychologist, licensed professional clinical counselor, licensed clinical social worker, licensed psychological practitioner, licensed marriage and family therapist) rather than agency behavioral health service providers (such as a community mental health center, federally qualified health center, or rural health clinic.)

(b) The necessity of this administrative regulation: This administrative regulation is necessary to establish the definitions for administrative regulations located in 907 KAR Chapter 15. Chapter 15 contains Medicaid administrative regulations regarding behavioral health services, including substance use disorder services, provided by independent providers. The Department for Medicaid Services (DMS) is expanding its scope of behavioral health service coverage to include substance use disorder services as a result of an Affordable Care Act mandate for Medicaid programs to cover such services for all Medicaid recipients. Currently, DMS covers such services for pregnant women and children.

(c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of the authorizing statutes by establishing the definitions for administrative regulations located in 907 KAR Chapter 15. Chapter 15 contains Medicaid administrative regulations regarding behavioral health services, including substance use disorder services, provided by independent providers.

(d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation will assist in the effective administration of the authorizing statutes by establishing the definitions for administrative regulations located in 907 KAR Chapter 15. Chapter 15 contains Medicaid administrative regulations regarding behavioral health services, including substance use disorder services, provided by independent providers.

(2) If this is an amendment to an existing administrative regulation, provide a brief summary of:

(a) How the amendment will change this existing administrative regulation: The amendment after comments deletes the definition of “community support associate”; clarifies that a “certified psychologist” is considered a “licensed psychological associate”; clarifies that a “certified psychologist with autonomous functioning” is considered a “licensed psychological practitioner”; and inserts a definition for “qualified mental health professional”, “provider group”, and “person-centered service plan.”

(b) The necessity of the amendment to this administrative regulation: Removing the definition of “community support associate” is necessary as services by these practitioners are not covered in the independent behavioral health provider setting. The other

amendments are necessary for clarity.

(c) How the amendment conforms to the content of the authorizing statutes: The amendments after comments will conform to the content of the authorizing statutes by clarifying policies.

(d) How the amendment will assist in the effective administration of the statutes: The amendments after comments will assist in the effective administration of the authorizing statutes by clarifying policies.

(3) List the type and number of individuals, businesses, organizations, or state and local government affected by this administrative regulation: Medicaid recipients of behavioral health services (including substance use disorder services) and independent behavioral health service providers (including substance use disorder service providers) will be affected by the administrative regulation.

(4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:

(a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: No action is required by this administrative regulation as it only contains definitions.

(b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3). No cost is imposed.

(c) As a result of compliance, what benefits will accrue to the entities identified in question (3). Individuals will benefit due to terms being defined.

(5) Provide an estimate of how much it will cost to implement this administrative regulation:

(a) Initially: No cost is necessary to initially implement this administrative regulation.

(b) On a continuing basis: No continuing cost is necessary to implement this administrative regulation.

(6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: The sources of revenue to be used for implementation and enforcement of this administrative regulation are federal funds authorized under Title XIX of the Social Security Act and state matching funds comprised of general fund and restricted fund appropriations.

(7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: Neither an increase in fees nor funding are necessary.

(8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: This administrative regulation neither establishes nor directly or indirectly increases any fees.

(9) Tiering: Is tiering applied? Tiering is neither applied nor necessary as the adminis-

trative regulation establishes definitions for Medicaid independent behavioral health services (including substance use disorder services) and reimbursement.

FEDERAL MANDATE ANALYSIS COMPARISON

1. Federal statute or regulation constituting the federal mandate. Section 1302(b)(1)(E) of the Affordable Care Act, 42 U.S.C. 1396a(a)(10)(B), and 42 U.S.C. 1396a(a)(23).

2. State compliance standards. KRS 194A.030(2) states, "The Department for Medicaid Services shall serve as the single state agency in the Commonwealth to administer Title XIX of the Federal Social Security Act."

3. Minimum or uniform standards contained in the federal mandate. There is no federal mandate to define Medicaid terms in an administrative regulation; however, Section 1302(b)(1)(E) of the Affordable Care Act mandates that "essential health benefits" for Medicaid programs include "mental health and substance use disorder services, including behavioral health treatment." 42 U.S.C. 1396a(a)(23), is known as the freedom of choice of provider mandate. This federal law requires the Medicaid Program to "provide that (A) any individual eligible for medical assistance (including drugs) may obtain such assistance from any institution, agency, community pharmacy or person, qualified to perform the service or services required (including an organization which provides such services, or arranges for their availability, on a prepayment basis), who undertakes to provide him such services." Medicaid recipients enrolled with a managed care organization may be restricted to providers within the managed care organization's provider network. The Centers for Medicare and Medicaid Services (CMS) – the federal agency which oversees and provides the federal funding for Kentucky's Medicaid Program – has expressed to the Department for Medicaid Services (DMS) the need for DMS to expand its substance use disorder provider base to comport with the freedom of choice of provider requirement. 42 U.S.C. 1396a(a)(10)(B) requires the Medicaid Program to ensure that services are available to Medicaid recipients in the same amount, duration, and scope. Expanding the provider base will help ensure Medicaid recipient access to services statewide and reduce or prevent the lack of availability of services due to demand exceeding supply in any given area.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? No.

5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. Stricter requirements are not imposed.

FISCAL NOTE ON STATE OR LOCAL GOVERNMENT

1. What units, parts or divisions of state or local government (including cities, counties, fire departments, or school districts) will be impacted by this administrative regulation? The Department for Medicaid Services will be affected by this administrative regulation.

2. Identify each state or federal regulation that requires or authorizes the action taken by the administrative regulation. This administrative regulation authorizes the action taken by this administrative regulation.

3. Estimate the effect of this administrative regulation on the expenditures and revenues of a state or local government agency (including cities, counties, fire departments, or school districts) for the first full year the administrative regulation is to be in effect.

(a) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for the first year? None.

(b) How much revenue will this administrative regulation generate for the state or local government (including cities, counties, fire departments, or school districts) for subsequent years? None.

(c) How much will it cost to administer this program for the first year? No cost is necessary to implement this administrative regulation in the first year.

(d) How much will it cost to administer this program for subsequent years? No cost is necessary in subsequent years to implement this administrative regulation.

Note: If specific dollar estimates cannot be determined, provide a brief narrative to explain the fiscal impact of the administrative regulation.
